Question?? I'm looking for confirmation that the Windsor Locks Housing Executive Director actually sent out letters to the tenants of the Senior Housing Complex on grove street advising them NOT to talk to the HUD Inspectors that would be in the complex last week/this week. This is INTIMIDATION OF OUR SENIORS and an attempt to take their right of free speech away and I as a proud American WILL NOT STAND FOR IT. If anyone has information of this please contact me. Peter J. Tomalonis.

- This is Page 1 of the letter that was sent to all the PHA residents before the HUD Inspection.

This is page 2 of the letter that was sent to all the PHA residents before the HUD Inspection. The BOLD PRINT is what I really have the problem with.
Kimberly Avery Pease  I agree the NOT is a problem. I think they are anticipating Seniors chatting with the inspector and keeping him from completing his inspection. Which I get, you have a lot of lonely seniors and I would be too. They could have conveyed the point without ever wording it that way. Unless that was used as an excuse to say that. I have no clue what our senior housing is like so I don’t know if they are trying to hide something.

Kimberly Avery Pease  See that’s just it you don’t know unless you live there or know someone that does. I know my son has volunteered there and at Southwest doing odd jobs.

The BOLD print clearly tells the residents NOT to TALK to the Inspector. Now I ask, If you were in your 70's or 80's living as a resident in Public Housing would you talk to an Inspector if you feared loosing your apartment if you happened to talk to an Inspector. THAT IS TAKING YOUR RIGHT OF FREE SPEECH AWAY!!

Peter J. Tomalonis I still haven't been able to confirm a letter ever being sent to the Windsor Locks Housing Authority asking the PHA to notify their residents not to talk to the HUD Inspector.

Peter J. Tomalonis I understand that there is a meeting of the WLHA tonight 3-6-2012 that I would gladly attend if I didn't have a Wake to go to. If anyone goes and would like to share the minutes of the meeting, just post on this site. Thank You.

Kimberly Avery Pease I understand what they are trying to get across but the wording isn't good.

Peter J. Tomalonis Kim, I understand too but I received 7 phone calls so far from seniors that really Really UPSET. I don't normally get involved with this but I'm a SENIOR too.
